

Fast, Accurate, Full-Service Payroll

NetSuite SuitePeople U.S. Payroll

SuitePeople Payroll is NetSuite's payroll solution for paying employees and contractors in the United States. As part of NetSuite, employees' time entry, attendance and commission data translates directly to payroll, eliminating the need for manual importing or exporting and reconciliation of payroll data required if using third party payroll providers. Our payroll service streamlines processes, helping you reduce costs, errors and ensuring payroll is delivered on time.

Key Benefits

- Unify and automate payroll with financials for more efficiency and control
- Lower risks and stay compliant with a full-service payroll tax service
- Flexible payment and earnings options with unlimited payroll runs
- Expert support from APA certified professionals
- Engage with your employees by allowing them to manage their own payroll data

Payroll Automation in the Cloud

Payroll doesn't have to take days to process, troubleshoot or adjust. With SuitePeople Payroll, automation with clear audit trails and reporting has helped NetSuite customers reduce payroll by as much as 84% by utilizing these key capabilities:

- Automatic calculation Calculate earnings, deductions, company contributions, taxes and paid time off automatically.
- Real-time Calculate real-time gross-to-net with payroll preview, avoiding processing errors.
- Configurable payroll workflows High volume and complex payroll batches are processed quickly and efficiently.

- Processing suspension A payroll batch run can be suspended while in progress so revisions can be made with automatic resumption from the point of change.
- Filtering and searching capabilities Filter and search by employees and other criteria, and improve overall control and management of payroll batch creation and execution.
- Deep editing capabilities Payroll managers can make adjustments to information at a line item level without recalculating the entire batch.
- Payroll reversals Create payroll reversals without re-entering detailed payroll data.
